The improvement consists in the teeth being arranged upon a plate of curry platinum, and by means of a silicious compand the teeth and plate are comented fundy together, leaving no interstices for the lodgment of secretion of fool; at the same time forming an artificial gum beautiful and life-like in appearance, and which is represented on the inside of the teeth as well as out.

Those interested are invited to call and examine specimens of this improved method at his operating rooms, No. 57, up stairs, College st.

DR. BLEDSOE'S ALTERATIVE COMPOUND he Remedy over all Remedies for the Dissessor the Liver Dysospecia, Enlargement and Inflamation of the Spicen Hearthurns, Odic Flatuience, Piles, Constropation, aldiseases of the Bonels, and such diseases as arise from a disorderd state of the Sourceh, Liver or Bonels, as Sarofula and Sover of any kind. For General Debility, from which Ladies frequently eaffer, there is not its equal in the whole Materia Mulios.

THE inventor of this programation was for three years a completely prestrated from Dyspepsis and inactivity of the Liver that he was frequently for weeks at a time unable to raise himself from his bed. He sought aid from physicians at home and in Europe, but in vain, his case was pronounced hopeless by thousends, and it was by accident that he succeeded in caring himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised. I subjoin the certificate of Prof. M. Garran, of Memphis, Tenn., with whom I often advised during the time of my

N. Bledsoe and some years ago be was reduced I tell eve lower than I have ever seen any one that afterwards recover-ed, with what I supposed to be Dyscepsia and Liver affection, and after trying the proscriptions of many Physicians in this as well as other countries, without relief, he finally succeeded with a preparation of his own in being restored to good health.

M. GABBERT, M. D. Mannens, Teon., April 17, 1852. Physicians are requested to try this preparation. We

feel satisfied it will sustain the character we give to it in this HUNTSVILLE, January 12, 1852.

Dr. Blenson:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the storauch and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 16 years, had been under my leaf transparent. medical treatment about live years for dyspepsia and diarrhen—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, MICAJAH CAYCE. entirely cured him.

Hunraville, Oct. 17, 1853. Dn. Blanson — Some time has clapsed since I gave a cer-tificate that my wife and been greatly benefited by your Alterative Compound. I now take pleasure in raying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cared her; and I would consentationally recommend it to all persons suffering from diseases of the liver and dyspepsia.

Gues Court, Tenn., Dec. 23, 1851.

Dr. Bledson:—I feel that I should full short of my duty to you and to those who are afficied, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can est anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I oversuffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

JOSEPH CAROTHERS.

HUNTSVILLE, Ala., March 3, 1852. Dr. Burnson:—Sir: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the ficaling virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepsia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I a HENRY J. GOFF.

J. H. Burrow's Patent Pfantation CORN MILL. THIS MILL differs fro French Burk Blocks, enclosed in a cast from Case, which forms the back and hoop of the Stone with a Cast Iron Eyr, or Bush, than is ofgreater external diameter at the bottom that at the top, which is secured to the back by four holts, so that at the top, which is secured to the back by four boits, so that every block is in the form of a dove lail, which gives greater strength to a Stone than any other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly made. It also gives any weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame unde of wood or eastfron. In the form of a bush, with Bridge tree, Spiedle Bainnee, Ring Briver, and Regulating Screw, and grinds up on the same principle as a large mill, differing only in the Runner Stone; this being of great weight enables it to grind nearer the center a greater quantity of grain with tespower than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

ALSO, all sizes of Erench Burr Mill Stones, manufactured on the same principle.

on the same principle.

Joseph H. Burrows, of Cincinnati, is the inventor, for which he obtained Leiters Patent in 1842. For all infringements the purchaser will be need responsible for the right ments the purchaser will be held responsible for the right of using.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a drum sofficiently large to run a twenty-four inch Mill 148 revolutions per misute, attached to Gin, Steam, or Water Power. By the steady application of two horse power the Mill will grind water 8 bushels per hour of good ment; and with grind wheat as well as corn. The thirty inch mill, if put to its fullest speed, will grind from ten to affect bushels per hour.

These mills are warranted to be in every respect as recommended.

Directions for Using.—Fluce your full about 20 feet from the Driving Pulley in a tevel position; make the belt of leather six or eight inches while. Give the Stone240 revolu-tions a minute with the sun. Keep the neck and step of the spindle well offed. FO KHA PAIN we must paralyse the nerves, or in other words produce a pulsy of the part to which the principler is applied. Liller is applied.

Pour is an unmatura sensation, arising from an injury or disease which, I cing transmitted along the nerves to the brain, gives an amency perception along the nerves to the brain, gives an amency perception to the mind.

Remedies recommended to Kina Park, or Park Kinters, are either producers of Paralysis, or they are not what they are recommended for. If the sufferer of pain is to undergo a suspension of ritslift, or if the unfortunate arm or leg, or if the part of the body suffering the testures of pain, is to suffer an attack of paralysis, we think the the remedy must be worse than the disease. And, if Park is to be Killed, then the nerves that transmitted this sensation, and the senses that per certe its unpleasantness, must be killed also. If, on the other hand, it is not a "pera killer," it is a missioner, and not what its advertisement claims for it.

Masses, Scover, & Mann: —I have been troubled with the chronic rheumatism for the last twelve years. On the lated guly 1845, I was so bud that I could not turn myself in bed, and the pain so severe that I had not slepta wink for all days. At this time my attending Physician prescribed the "Hebres Plaster," and it acted like a charm, the pain left me and I slept more than half of the night, and in three days I was nhie to ride out. I consider the "Hebrow Plaster" the best remedy for all sorts of pains now in use G. W. McMINN.
